SECTION G: COMPREHENSION

(8 marks)

Read the passage carefully and answer the questions that follow.

It was a cool Saturday morning. Mother was busy baking in the kitchen while Steve was playing with his toy cars in the living room. Suddenly, his attention shifted to a fire truck toy under the dining table. He darted towards it and grabbed the fire toy truck. Steve then had an idea! He decided to light the candle on the dining table. He wanted to use the fire toy truck to put out the flame on the lighted candle.

5

Filled with excitement, Steve threw the toy truck in the air. As he was about to catch it, his arm knocked over the lighted candle on the dining table. It dropped to the ground and fell on the curtains. Soon, flames engulfed the curtains and started spreading.

Steve froze, his eyes widening in fear, as he watched the flames spread. Mother rushed into the living room after hearing Steve shriek loudly. When she saw the flames on the curtains, she sprang into action. She grabbed a fire extinguisher from the cabinet and used it to put out the raging fire.

10

Once the fire was put out, Mother caught hold of Steve. He thought that he was going to get an earful from her. Mother gathered Steve into her arms and held him tightly. Steve could not understand his mother's actions. Mother knew it was an accident, so she explained to Steve the importance of fire safety. Steve learnt his lesson and he also promised not to make Mother worry again.
